

Program Recognitions & Business Advertisements

Program recognitions and business advertisements will be handled differently than years past. Since the partnership with the Erie Philharmonic, they will be responsible to produce the main program with story line, cast listing, show order and so forth. Lake Erie Ballet will still produce a program supplement to allow for families and businesses to be recognized as sponsors of the Lake Erie Ballet. This supplement will be inside each Nutcracker program produced by the Erie Philharmonic.

Pricing listed below is valid for Nutcracker performers and their immediate family only
